The texts that I have studied this year

whose life is it Anyway? by Brian Clark,

stimulus booklet changing - "sky-high" by Hanna Robert,

"Through Australian Eyes (The 3 video series) by Joy Trinder

and "The conflict so close for some from" SMH 15/10/00

Shows that is true that different perspectives are influenced by individuality, personal history and culture.

(KEN & DR EMERSON)

Two main characters in the text "whose life is it anyway

are influenced by personal history ~~and~~ ~~and~~

KEN's perspective ^{is that he thinks of himself dead} ~~has influenced by~~

already and thinks of himself as a vegetable where

he says "Isn't about time you put some fertilizers

on me to keep me growing? his history was that ^{he} ~~was~~

was useful a gentleman and he's just like a vegetable

because of his personal history where he was useful

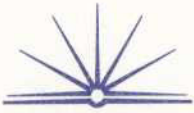

and some one important (teacher) he's ~~the~~ perspective

changed by personal history-

DR EMERSON'S perspective is that he should keep ^{perspective has also been} ~~perspective~~ ^{alive} as long as he can and he has ~~been~~ influenced by individuality and personal history, where he is a ^{trying to} ~~teacher~~ ^{for 30} doctor and has been ~~save~~ ^{trying to} save lives ~~for 30~~ years ~~and~~ and he says "I'm a doctor for 30 years and it's my job to save lives not to judge if I should save him or not, I'm a doctor not a judge". because of his personal history his perspective has been influenced

stimulus booklet changing "sky-high" by ~~her~~ Hanna Robert, is about someone who remembers ~~from~~ her early days when she was a child, she was free and happy with no responsibilities and now as an adult she has too many responsibilities. "there are too many things tying me on the ground" because of the culture her perspective has been influenced that she is no longer a child and she has responsibilities.

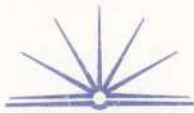

In the video series 'Through Australian eyes' by
Joy Trinder, also shows that it's true that different
perspectives are influenced by individuality, personal
history and culture. ~~Jessie~~ ^{Jessie} who is ~~Indon~~ ^{Indon} background,
has been influenced by personal history and
culture, after hearing stories about her country
where they said it's a poor country and not
clean, ~~but after seeing her country and hearing~~
^{she was influenced to become of the culture that}
it use to be dirty and poor country.

One another text which I have studied this year

"The conflict so close for some" SMH 15/10/01 also
shows that it's true different perspectives are influenced
by individuality, personal history and culture.

Mr Khalidoun 27 has been influenced by culture
and personal history where there was a war between
Israel and ~~the~~ ^{the} Palastan, and where he had many
cousins being killed during this war. and Khalidoun's
culture are that they would do anything to get
their country back: where in another hand

Mr Waizer in Israel one, also things that ~~the~~
Palastan one too be blamed for the war or the
conflict.

Mr. Neveer also has lost too many ~~country~~ countries and have personal history.

These two people, ~~at~~ their perspective has been influenced by individuality, personal history and culture.

In the conclusion, ~~to~~ ~~have~~ there is a proof of different perspectives are influenced by individual personal ^{history} & culture. These texts show that our perspectives are different because we have been influenced by different personal history and different culture.
