

question 17 Parenting and caring .

(a) children got right to tell the social welfare that if they are getting abused at home by there parents and children got right to ~~get~~ ~~ask~~ ~~them~~ speak with other adults if they have problem ~~get~~ at home with there family they can always call KIDZ HELP LINE . SO the people from KIDZ HELP LINE are going to help them out by ^{giving} some kind of solution to solve the problem . or probably tell the child that there parent needs counselling .

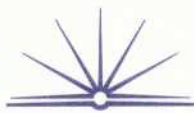

(b) A services we have studied that support individuals in their role as parents and carers are hospital, shopping centres, train stations, banks, police station. Hospitals help and support the individuals by taking care of the sick people and treat them if they get any problem.

The shopping centres are there to help people to do their shopping.

Train station is there to give people transport for people who lives far away and for people who doesn't have cars.

Bank are there to keep peoples money in the safety. As well as people can borrow the loan.

Police station is for all the community for their safety to make sure they have all safety need.

(c) Step Parenting is one form of social parenting. The factors influencing parenting and caring relationships within this family situation is that if one of the parent got married eg. Marry's got 3 children and she got married with Bob whose got 2 children as well Marry doesn't like Bob's children as she does to her own children so Bob's children are neglected and his children are not getting mother's love as they expected from Marry. Bob's kids are feeling that they don't belong in the family anymore they also wanted to feel that belong in the family. The relationship between Bob's kids and Marry ~~aren't~~ are not good because they are not getting along.
