Question 13 (3 marks)

It is claimed that in Australia sole parents are the largest group living in poverty.

Describe the primary and secondary sources of data you would use to test this claim in your local community.

To test this claim I would use Centralink because most of the infact all sole parents get paid from Centralink and Internet.

Question 14 (4 marks)

A researcher is planning to conduct a survey to investigate the reasons people take on primary caring roles.

How would the researcher ensure that the survey data are reliable and without bias?

The researcher might interview some of the carers who took that role or simply go on the Internet and find the information. But I think the inter- view with the one of the carers is the best one because the information that he/she would get is true.

Question 15 (4 marks)

Lee is a seventeen-year-old caring for his mother who has a severe physical disability. Evaluate ONE strategy he may use to satisfy his social wellbeing.

Because he's not able to work he might ask for Centralink payment (Youth Allowance) that way he can satisfy his social and financial needs.
