

(a) The uniforms are more casual than theirs.

(b) "This" is referring to wandering on the street and often be stopped and questioned by police.

(c) The writer used a direct quotation because

~~the~~ it is said by an aboriginal storyteller and it ~~is~~ ~~so~~ ~~clear~~ ~~and~~ ~~more~~ is a moral message.

By having a quotation also makes it more authentic and influential.

(d) At the end of the trip. The girls became very ~~more~~ involved into the ~~the~~ Aboriginal culture.

They want to learn more about them and they are very interested in ~~in~~ them and doesn't want to leave. ~~So~~ They believe these

~~that~~ information and ~~knowledge~~ knowledge of the Aboriginals should be told to ~~other~~ many

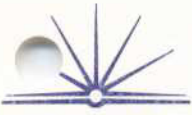

~~the~~ others who didn't know. ~~And~~ ~~to~~ to the ~~ones~~ youth of the future and the reconciliation of the ~~the~~ Aboriginals.

(e) The language used in Day 7's diary entry are ~~more~~ plain and ~~is~~ unemotional, it did not ~~and~~ reflect ~~in~~ much of the writer's thoughts. ~~The~~

It is very informative. The ~~so~~ ~~for~~ phrase "... but many positive things too!" makes it ~~app~~ appear that the ~~so~~ girls didn't ~~so~~ enjoy ~~to~~ very much.

And ~~they~~ the entry only describes ~~daily~~ ~~of~~ the ~~food~~ food she ate but ~~did~~ didn't express any comment. makes it feel as she didn't ~~to~~ put much interest in them.

The language used in Day 23's diary entry are much more emotional. We can see that she has become very interested and involved with the Aborigines as she ~~re~~ think back and analyse the ~~the~~ events and things ~~at~~ her dad. She ~~feels~~ feels for the ~~the~~ Aborigines ~~that~~ ~~it~~ ~~shows~~ ~~that~~ ~~she~~ ~~is~~ ~~concerned~~ ~~about~~. It shows that she had

much better understanding of the Aboriginal Peoples.

* All of this ~~the shows that~~ ~~she~~ ~~has~~ ~~her~~ ~~perspective~~

has effectively shows that her perspective of
the Aboriginal people has changed from not very interested,

to ~~be~~ very involved and ~~and~~ ~~an~~ understanding and

wants to help.
