2137 BOARD OF STUDIES

To all Excursion Coordinators,

My name is Julie Millier, I am a Youth Activities Coordinator and I have a fantastic offer for all schools that like a challenge. The challenge

I am referring to is skiing on the mountains.

This can be very costly and could involve transport difficulties.

Therefore I am offering a great opportunity for ~~children~~ teenagers to get involved in activities that will be supervised and include a great deal of fun.

My offer consists of Discounted lifts and lesson passes that are free of charge if you reserve as a group.

We also Prearrange lessons as only one person needs to queue to pay for passes or hire.

Furthermore, we offer great activities that involve Alpine skiing, Night skiing, Snowcat skiing, Cross country for 16km, Snow tubing and Snowboarding the only exclusion which we do not provide is Heli-skiing. However, all these activities are supervised as the number of instructors is high, we have 250 instructors.

Moreover we have great weather conditions with  $-2^{\circ}\text{C}$  in winter seasons and 70% fine days.

This is an great opportunity for the students as well as the Coordinators. The depth of snow has been reality by promising according from our charts from 1992-2001.

The highest rate of snow was around 320 millimetres in 2001 we were just at the mark of 250 millimetres.

This is a great and fantastic opportunity for all parties involved and I urge you to experience this great opportunity and reserve with our Resort.

The seasons are between June until October and our longest run is approximately 4km with highest lift point of 2103 metres and 50 lifts.
