Question 17 (continued)

(b) Refer to Sources C, D, F, H and I.

From these sources, name TWO locations within Christchurch that demonstrate different urban dynamics, and account for these differences.

6

Two locations within Christchurch are Bromley and ~~Waltham~~ Waltham. They both have very different urban dynamics. Waltham seems to have urban consolidation. I can see this because it has other close towns so they wouldn't have much room. Bromley is completely opposite it is more spaced out which is counter urbanisation.
