

Global changes in an economic activity have affected an enterprise that I've studied such as Tassal limited. Tassal limited has economic activity affecting their business such as 'Ecological Biodiversity', Spatial patterns and also their effects off the Global economy.

Tassal limited is a privately owned business operating at a reasonably large scale concentrating at, Norway, United Kingdom, ~~tokyo~~ tokyo and New Zealand. Domestic and foreign countries all have shares in part of Tassal limited. Tassal operated and markets (distributes) in Japan. In Japan this is call Tassal Japan limited.

Tassal produces ~~saomonian~~ smoked chilled salmon. Tassal's production is situated ⁱⁿ ~~at~~ Tasmania (Horn Estuary) north of ~~Tasmania~~ ^{Tasmania} (Highlands).

Tassal's Ecologically ~~is~~ focuses on their global shares. Tassal fish are cold current fish which are put in Estuary which are cold in need for it's survival.
