Marks

**Question 16** (6 marks)

Refer to Source C.

Using evidence from the photographs, identify ONE challenge of living in mega cities in the developing world and describe TWO responses to this challenge.

6

One challenge to living in mega cities in the developing world is finding housing for all who live there. One response is urban consolidation where taller buildings are erected that house more people in a smaller land space. Another response is the squatter settlements that are erected near dirty rivers or garbage heaps to give the squatters food and/or water, however dirty it may be.
