housing is one challenge of living in a mega city. They must live in slums and squatter settlements. In Mexico City 50% of the population live in slums or squatter settlements as no housing is there for them. Two responses to this are:-

- \* Site-and-service- lots with water, sewage and electricity are provided and the person the build their own house on it
- \* A basic concrete house is rented or sold. The tenant can then extend / modify this any way the want. This is called Vivierend Progressiva in Mexico City.
