

Question 20. section III

Ferrigal lagoon was once clean with an abundance of fish & wild life. Now it is a tourist destination run by people the same people who destroyed it.

It was people who knocked down the trees to create urban runoff & people who created fertilizer to run down the drains & create almost full eutrophication. On the dam story the lagoon was turned from a fish 'play ground' to a child's & the whole of Ferrigal has changed from nothing into one of the most popular ~~dest~~ destinations in the summer to be.
