

### Question 3

How can volunteer organisations reduce the impact of an ageing population on the public health system?

- A  By subsidising prescription medicines
- B  By transporting the aged to health care services
- C  By assisting the aged to remain in their own homes
- D  By increasing the number of trained health professionals in the workforce

### HSC Statistics on this Question:

	Band 1/2	Band 2/3	Band 3/4	Band 4/5	Band 5/6
<b>A</b>	20%	5%	5%	2%	0%
<b>B</b>	26%	22%	16%	10%	6%
<b>C</b>	15%	22%	39%	58%	75%
<b>D</b>	40%	51%	40%	31%	18%
<b>N</b>	0%	0%	0%	0%	0%

The table and graph show, for the groups of students whose marks in the examination corresponded to the borderline between two bands, what percentages of each group selected the responses A, B, C and D. N is used to identify: No valid response.

Note that apparent anomalies in the table and graph, such as 0% or 100% of students choosing a particular response, can occur when there are no students (or very few students) who scored the particular examination mark associated with that borderline.
