<b>Question 1</b> (6 marks)	
(a) Define <i>micro world</i> .	1
micro world is your close family and friends and the way you interact.	
(b) Define <i>macro world</i> .	1
macro world is the outside world that you interact with all the time.	
(c) Describe how you experience continuity and change in EITHER your micro world OR your macro world.	4
I experienced continuity and change in the micro world with my family. My parents separated which was a change for me going to two different houses. Change in family structure with me having to help out alot more. The continuity is that we still are a family and we still love and care for one or another. And something we still have in common even though the change is our last name.
