

c) In the future people would have more access to a variety of technology were new and inventive technologies will come out there for making it easier ~~for~~ to do things. Things like more people staying home ~~and~~ to do work, bussiness trips going ~~over~~ ~~at~~ overseas or out of the state would be done on the internet like web camming or skype. This allows a person more time on their leisurous ~~some~~ hours and less on work, but all of this can impact people to be more lazy ~~and~~ also depend on technology alot. It would also impact leisurous time people would rather have free time ~~the~~ and visit networking sites instead of going ~~out~~ out and meeting with friends.
