Question 11 — Australian Textiles, Clothing, Footwear and Allied Industries (5 marks)

- (a) Explain one way the Australian government has attempted to make the Australian Textiles, Clothing, Footwear and Allied Industries more competitive internationally. 2

The government has attempted this as more people intend to bring high quality materials and are willing to pay the price. Not only in our country around the world.

- (b) Discuss why many Australian textiles, clothing and footwear companies have chosen to manufacture their goods overseas. 3

Overseas fashion is brought out before it comes to Australia and pricing is higher. Also there is more variety and people working to make their money. They also get paid less so willing to work more.
