

Question 11 — Australian Textile, Clothing, Footwear and Allied Industries

(5 marks)

- (a) Explain how Australian clothing manufacturers have responded to changing consumer demand for sun protection factor clothing. 2

production of more garments produced from thicker materials + production of longer length garments i.e long sleeves.

- (b) How has Australian government legislation influenced Australian textile industries to select processes and resources that have a reduced impact on the environment? 3

By enforcing a reduction on pollution + harmful emissions the government has influenced the Australian textile industry to select resources such as pre-loved materials to reduce the amount of production ~~of excess~~ as to not impact the environment.
