

The importance of artists' intention is that they paint and do what they are talented at.

So for Jackson Pollock who is an Abstract Expressionism.

He is very talented at abstract his artworks are messy ~~am~~ you do not know what is happening in his artworks. He also uses

~~knives~~ knives, sticks, buttons, to create all types of different texture. Jackson was one of the youngest of five artists to make it he died in a car crash when he was 40 years old.

But his artworks were amazing his frames were just to be messy. A lot of

~~Jack~~ Jacksons artworks went to New York and went for ~~bit~~ billions of dollars.

His artworks were very interesting.
