The Artist make Arts as signs and symbol. also it could be communication between Artist and Gallery. This happened from past until future and these days as well. They draw these art because their past experience or they want to tell someone. so they hide their message behind the their arts. The symbol it always contains meaning and they represent as well as paint or shapes. Also we could see symbol everywhere like school and flag of countries. These things were made by symbol and contains meaning. The Art was symbol as well because the paint and sculpture, every these things contain meaning and their own. But very hard to make it. their Art has different characteristic one by one also different meaning hard to put the meaning or

characteristic into their Art

~~Art~~ ~~was~~ the Limitations to this view of art was
~~there was~~ someone come to Art gallery and
couldn't feel the Artist's meaning of Art
and couldn't imagine reason why paint draw
paint like that. Art become Just a piece of
drawing. If there was good meaning and
drawing a good paint or symbol become nothing
unless people couldn't understand. §

The Art has unlimited talent ~~and the~~ people
and human has unlimited imagination.

These two thing become one then created art.

That's what I thought about art.
